

# The Pacific Program

Oregon Garden Resort, Silverton October 23 - 27, 2022

## ENHANCE YOUR LEADERSHIP JOURNEY

Founded by Jeffrey Luke, PhD, the Pacific Program has long been the premiere resource for cultivating catalytic leadership across state and local government, nonprofit and private sectors in the Pacific Northwest. Join us at the beautiful Oregon Garden for an energizing, immersive training series that opens the door to a modern approach to leadership. You'll become a member of an influential association of alumni (Coyotes) and cohorts who share a special, career-defining bond across decades of specialized instruction. Availability is limited, register soon to ensure your place in the program.

## WHAT YOU'LL LEARN COURSEWORK AT THE PACIFIC PROGRAM

### **Catalytic Leaders Learn From Each Other**

Hear from Pacific Program alumni about how they apply what they have learned in their real lives.

### **Catalytic Leaders Understand Themselves and Their Vision**

Participants will learn about themselves and how they impact their personal visions as well as their organization's vision.

### **Catalytic Leaders Think and Act Strategically**

To make substantive change in organizations, there must be strong catalytic leaders at the top. Participants will learn about times leaders have proven their ability to think.

### **Catalytic Leaders Create Change in Organizations**

Understanding Oregon's major public policy transformation efforts can help catalytic leaders learn to make changes in their own organizations. This session will provide participants with practical tools for creating and sustaining change.

### **Catalytic Leaders Align Their Spirit & Intent**

To be able to think and act strategically, a catalytic leader must have clear alignment between their personal spirit, or sense of self, and their demonstrated intentions in interacting with others.

### **Catalytic Leaders Facilitate Productive Work Groups by Negotiating**

Participants will gain a fundamental understanding of how to develop negotiation skills for their catalytic leadership toolbox.

### **Catalytic Leaders Learn by Having Fun/Structured Networking**

Team-building time!

### **Catalytic Leaders Understand Their Impact on Others**

Participants will learn how their actions impact others and some skills they can use with others who are experiencing stressful situations.

### **Catalytic Leaders Lead from Personal Passion & Strength of Character**

Participants will learn about the role that ethics play in catalytic leadership, particularly in resource-constrained times.

### **Catalytic Leaders Practice What They've Learned Back Home**

What to expect when you go back and how to apply all you've learned.
